Green Building Management Policy

The said policy is applicable for the **academic year 2021-2022 and 2022-2023.**

➲ *Take certain provisions for **Green Building parameters** to be implemented in a cost-effective manner through consultancy with Greenvio Solutions.*

➲ ***Social practices through green management** - Continue the number of practical and virtual activities under social welfare and community development initiatives for the students and staff.*

➲ ***Water Management** - The water conservation measures shall be extended to rain sensitization and outreach programs etc.*

➲ ***Waste Management** - Precautions shall be taken towards waste segregation at source; in addition to organic, biomedical, paper waste management.*

➲ *Join hands with local municipal corporations on local, regional, national and international level to develop substantial programmes for **community development**.*

➲ *Increase the **environmental interventions** in the educational programmes and document the same through multiple platforms*

➲ *Educate the students to undertaken initiatives for the **socio-environmental welfare** for nearby localities and adopted areas.*
