## IQAC INITIATIVES FOR THE ACADEMIC YEAR 2022-23

### 1. Soft skills training for our students by a soft skills trainer

A request had come from the Training and Placement department for a soft skills trainer to assist in training the students in various soft skills like resume preparation, group discussion techniques, extempore delivery skills and personal interview skills. The training and placement department felt that our students would highly benefit if a resource person could guide and train the students on a regular basis. This would help the third-year students to get their dream placements in the best hotels and they would get a great start to their career. This would also help the second-year students to get selected in the best hotels for their internships. Thus, a soft skills trainer Mr. Graham Miranda was hired and he is preparing students with the requisite interview skills, addressing extempore speaking, group discussion, one-on-one interviews & trade tests.

**Soft skills** are a combination of people skills, social skills, communication skills and character or personality traits, attitudes, career attributes, social intelligence and emotional intelligence quotients, among others, that enable people to navigate their working environment with others harmoniously, perform their allotted duties efficiently, and successfully achieve their goals – personal, social and professional – a ceaseless challenge that are complemented with hard skills.

**Objectives of the Practices:** To create a live simulation for students in preparation for extempore, group discussions, CV preparation and interview preparation for the students from year 1, year 2 and year 3 in the interview process in year 3.

The first objective is to put the students of year 1 through the simulation to assist them in the interview process for the three months on the job training(internship) in Year 2.

The second objective is to have the students go through the process, to help them practice for their final interviews in Year 3.

**The Practice:** A presentation in theory is made to the students for all three years. The presentation encompasses the essentials of extempore, group discussions and the interview process.

A separate presentation is also made to the students on grooming for the interview process. The presentation dovetails with the grooming standards of the Institute so as to not confuse the student by reintroducing another set of standards.

A schedule is sent to the students for their attendance.

For the **extempore** training topics are prepared on small pieces of paper. These are put into a bowl and kept for the students to pick. A half minute is given for preparation and a minute is given for delivery on the said topic. The student is then graded on a 50-point scale for the following parameters, Grooming, Communication, Attitude, Idea Generation, Logical Flow and Comments.

These are shared with the student.

**Group discussions**-The group is requested to come up with a topic for discussion, if they are unable to one is offered to them. These are recorded these and played back to the students. Feedback is shared with

Sheila Raheja  
Institute of  
Hotel Management

Affiliated to the University of Mumbai

the team and they are also graded on a 50-point scale on the following parameters: Grooming, Communication, Clarity of thought, Leadership skills etc.

For the **interviews**, the students are provided assistance in CV preparation, a standard format that encompasses the requirements for the interview has been prepared and the students require to fill in the details before the interview and carry the document along with certificates for the one-on-one interview. The students are graded on the following parameters, Grooming, Attitude, Communication, Technical Knowledge and Current affairs.

## **2. Supervised lectures.**

Teaching excellence is a learning process, and just like student learning can be assessed and improved, faculty of all experience levels can benefit from effective assessment and professional development. Along with the evaluation of a student's learning, how well they receive the instruction is pivotal. Not every student reacts the same to different instruction methods – students have different classroom preferences and learning styles, leading to different responses about the quality of an instructor. Teaching portfolios are an excellent tool for reporting on faculty excellence and can be used both formatively, for assessing and improving teaching, as well as summative, for personnel decisions. Combining self-assessment with peer review and student feedback provides a well-rounded evaluation of your strengths and opportunities for improvement.

Schedule for Faculty Lecture evaluation for the Academic Year 2022-23 (Semester II, IV, VI) attached.  
Lecture Delivery Evaluation for Full time teacher-Sample Copy attached.

## **3. Green, Energy and Environment Audit**

The audit was conducted by Architect Ms. Nahida Shaikh from Greenvio Solutions & Sustainable Academy. The details have been consolidated and thoroughly studied as per the various National and International guidelines for Green Buildings; the report has been generated based on comparative analysis of the existing facilities and the prerequisites formulated by various standards. The inputs derived are a result of the inspection and research. These will further enhance and develop a Healthy and Sustainable Institution. The Audit was a thorough study based on the inspection and investigation of data collected over a period of time.

Audit Certificates and Reports attached.

“Your education is a dress rehearsal for a life that is yours to lead.” - Nora Ephron.

After 3 productive years of gaining knowledge and experience alike, while also being a great inspiration to us, we bid adieu to the SRIHM batch of 2019- 22, as they received their well earned degrees at the degree distribution ceremony hosted in their honour on 17th June 2023. Words spoken by our guest of honour Mr. Ramu Vemulapally - Area Human Resource Director South Mumbai and Director of Human Resource at Taj Mahal Palace, our dear Principal Mr Conrad D'Souza and our President Mr. Shyam Wadhwani will forever be embedded into the hearts of the young graduates.

The ceremony was concluded with a lunch, prepared by the new batch of second years, who are following the footsteps of their forerunners.

On 28th June 2023, the students of SRIHM were lucky to have witnessed a master at her craft - Hridhgandha Mistry, one of the India's Best Food Photographer and Stylist. In a short span of time, Ms. Mistry along with her team of experts created two masterpieces. Playing with various wooden tones and backgrounds, she styled and shot a generous serving of Chicken Nuggets and French Fries followed by another sensational shot of some Chole and Paratha. The workshop was a delight to watch as she demonstrated how the correct lighting can increase the depth of an image. She also shared several simple tips on food plating techniques for commercial shoots and the usage of daily items such as butter paper, colourful cloths and various ingredients

**Artisanal Breads– 08/08/23**

The path to success begins with learning from the best! The students of TY BSc had the amazing opportunity to witness the genius skills of Executive Pastry Chef Savio Fernandes in his master class, where he prepared a variety of delicious artisanal breads. It was an absolutely enriching and educational experience for all involved as they not only got to observe the professionalism of the chef, but they also got to lend their helping hands and learn more in the process. It's moments like these that make us realize that determination and hard work can truly lead to success!

Next up was the talent show that showcased some incredible hidden gems, with a few funny entertaining moments. From singing and dancing to a fiery Bollywood quiz, the evening came to a close with Kael Mascarenhas winning the crown of Mr. Fresher and Diya Thakkar winning Ms. Fresher. SRIHM had the pleasure to host Chef Nikita Malhotra – a pastry consultant at Izumi and the owner of Quinconce patisserie. As part of a two-day masterclass, the students of SY BSc had the opportunity to learn the art of plating desserts. Under Chef Nikita's guidance, the students prepared and presented a dessert titled 'Mushroom Forest' made to resemble the image of wild mushrooms growing in a forest. She not only taught them complex ingredients such as hazelnut diplomat cream and coffee chocolate cremeux (which were components of the main dessert) but she also taught them basics such as the cut and fold method, double boiler method and how to make the most delicious crème patisserie. While assembling all the various elements, Chef Nikita also shared her knowledge on the etiquettes followed in the French kitchen. The final plating was done immaculately which included the chocolate mushrooms and soil in addition to the hazelnuts, berry compote, chocolate ganache and some greens which added for a pop of colour.
